MEN APE KILLED IN MINE

Explosion at Tercio, West of Trinidad, Cost Many Lives.

SHAFT IS BURNING

NUMBER OF DEAD NOT NOW KNOWN BUT MAY REACH 60. LITTLE HOPE OF RESCUE OF ANY OF THE VICTIMS.

TRINIDAD, Colo., Oct. 28. The most terrible catastrophe in the history of coal mining in Colorado occurred at Tercio, No. 2 of the Rocky Mountain Fuel & Iron company, 21 miles south of Trinidad, at 1:30 o'clock this afternoon, and the number of dead is variously placed between 50 and 60. The number reported as having been in the mine this morning was 97 miners and four company men.

Number Dead Not Known.

This situation may more nearly approximate the truth when the night shift comes out, for the number of dead may never be known as the mine is still burning and in all likelihood the bodies will be cremated.

A large number of mine officials left Trinidad on the mine special train at 2:30 o'clock this afternoon. Company officials were pressed up to along the line to utilize all other available locomotives. United States Government Mine Inspector F. J. Peterson was at Tercio when the explosion occurred. He returned late this evening and gave the following account of the affair:

Story of Eyewitness.

"I was standing not more than 500 yards from the mouth of the tunnel when the explosion occurred. The explosion was preceded by a low rumbling sound, followed by a loud report, which broke the glass in the store and in the whole village of Tercio. A cloud of dust and two streams of flame, one from the mouth of the tunnel and the other from the air shaft, were thrown over the camp for a distance of a quarter of a mile. In fact, it rained rock, broken timbers and all kinds of debris for fully a minute and many people were injured by being struck with these missiles.

"The explosion, which was for all the world like a volcanic eruption, caused the utmost excitement. Women and children rushed to the mouth of the tunnel and, regardless of the danger to themselves, had to be driven back by the police in order to prevent them from being killed by the deadly flames coming from the mouth of the tunnel."

The mine in which the explosion occurred works about 60 men and it is believed that at least 50 men were in the mine at the time. Some of the employes live in the adjoining town of Tercio, while a great many, including hundreds of recent arrivals and foreign laborers, live in the camps of Segundo, Starkville and Delagua. The latter camps are reported to be practically deserted, but little effort has yet been made to get in touch with the miners' families.

The explosion is supposed to have been caused by a blown out shot. The mine is a new one and was just getting into shape to ship coal in large quantities. It is owned by the Rocky Mountain Fuel company, which has other mines in the vicinity, and is operated by Superintendent Linder.

It will be impossible to secure names of the dead and injured tonight. Nearly all of the dead are Italians and Austrians. JUDGE C. C. BEAMAN, OF DENVER, CONTRIBUTES A SHORT BUT INTERESTING CHAPTER ON THE SUBJECT.

"Your committee is opposed to the passage of any measure that will in any way [illegible] the eight-hour law. We have had a fair trial of the law, and it has been found to be a good law. It has been declared constitutional by the supreme court of the state, and we believe that it is the duty of the legislature to enforce it. In the first championship game of the season for both Tigers and Boulderites, and in the only championship game that will be played by either team this year, Boulder and this city will strain every muscle to win the game.

Today's contest marks a crisis in the football situation. In Colorado college circles the Boulder game is there will be no room in the state that is dared irreconcilable fear. If Boulder defeats the Tigers there appears to be no necessity reason to the regret that best worry it.

Gridiron Enthusiastic.

Enthusiastic among the students who aroused to the highest pitch at a meeting yesterday noon. Rousing football speeches that stirred the student body to prolonged applause and called forth cheers and whenever college yells, were made by Professor Hills, Billy Johnson, Roderick Frost, Manager Hosier, Captain Lawson and President Slocum. The big loving cup offered by Mr. Dent, Lamphige, a prominent business man of Boulder, to the school winning the intercollegiate championship series in succession, was exhibited, and will be placed on exhibition at Hellmann & Berlin's window this morning. MINERS AND AGGIES BOTH TELL HARD LUCK STORIES

GREELEY, Oct. 28.—While the Aggies will go up the hill gridiron fight against the school of Mines tomorrow, they do not entertain any serious fears of defeating.

Their game with Denver last week was a disappointment, not only to the locals but to the number of players injured. Several of the best men will probably fail to get a place from the sidelines. This keeps the team the Aggies will have little show against the Miners. This year's team is very light and inexperienced, and will depend on hard playing and nerve to overcome more

J. W. Davenport, Wingo, Ky., writes June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump in my side. I don't think that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two bottles have loosed the cough and restored it to unwonted medium and given assurance to suffering humanity." 25c, 50c, $1.00. MANY WERE TURNED AWAY

Enthusiastic Rally of Colored Voters.

LOGIC AND ELOQUENCE

HON. T. McCANTS STEWART WAS UNABLE TO REACH CITY AND LOCAL AND [illegible] WERE HEARD.

A most enthusiastic rally was held at the court house last night under the auspices of the Colored Men's Roosevelt and Fairbanks Republican club and the Colored Women's Republican club. The large district court room was crowded to the doors and hundreds were turned away. There were many white men and women in the audience seated with the rather [illegible]. A large delegation of members of the Women's Republican league was present as well as many prominent Republicans here and a number of the candidates on the county ticket.

Torch Light Procession.

Before the meeting there was a parade of the Colored Men's Republican club led by a brass band. Colored torches in full [illegible] regalia, in strong, with Captain Robert H. Powell of Victor at their head, marched up Nevada and down Tejon street and were heartily applauded for their splendid appearance. Their battle cry is then marched into Hattie's for Prabody and it was taken up by the crowds.

W. H. Turner called the meeting to order and then called upon Mrs. J. M. Gardner of the Colored Women's club to preside and she did so with grace. After a few opening words she introduced the first speaker, Prof. J. H. Jackson, who was followed by Rev. James E. Ford of Denver, Rev. W. B. Stelm of Denver, and Rev. W. E. Enderst, of this city.

The speakers were all eloquent and were frequently interrupted by tremendous applause and yells which pierced the air in a fervent of sound. Hon. T. McCants Stewart, of Honolulu, Hawaiian Islands, was unable to get to this city and his place was taken by Rev. W. E. Helm, who made an eloquent and argumentative address on state and national lines, showing clearly why the negro should vote the Republican ticket.

All the addresses were punctuated with some of the finest bits of wit and humor that have been heard for some time, and when the audience was not cheering it was laughing as hard as it could.

SUNDAY SCHOOL CENSUS WORKERS

COMMITTEE MET LAST NIGHT AND REPORTED PROGRESS—PREPARING FOR HOUSE TO HOUSE CANVASS.

The Sunday school census committee of Colorado Springs is at work. The enthusiastic committee meeting was held last night and "Progress" was the watch-word of both workers.

The executive committee met at Herbst's cafe to receive the reports of the various committees. Those present were: Supt. Rev. J. [illegible], Chairman C. B. Lasterman, Secretary F. L. Davis, T. P. Barber of the visitation committee, H. G. Bullock of the finance committee, and E. F. Jones of the publicity committee. The different committees reported that good progress had been made along their respective lines and that they would soon be able to show important results from their work.

The district chairmen of the central committee met at 8 o'clock in the Y. M. C. A. building. The house to house canvass will start November 2, and that rallies should be held at the different churches in the interest of the work. These rallies will commence next week and will continue up to the time of making the canvass.

IS HE DEAD OR IS HE BLUFFING

QUESTION IS RAISED ABOUT THE REPORTED DEMISE OF AL WOODWARD, THE NOTORIOUS CROOK.

The Denver police have raised a doubt as to the fact of the death of Al Woodward, the former partner of Adolph Duff, of this city, in the confidence business.

The Denver police have suggested that probably Woodward had the death reported for the purpose of having the officers uncover off his track a little while.

The local officers has no reason to doubt the report of Woodward's death but will investigate into it and see for themselves as they always like to know when such a man is dead or where he is if alive.

Woodward was one of the men with Duff at the time of the Patrick McNellis case which got the then chief of police and chief detective of this city into court where they were convicted on an indictment charging conspiracy with the Burns man. The tricks Woodward turned in Denver and elsewhere in Colorado, were varied and numerous. He was one of the notorious crooks of the country.

CONSCIENCE BRINGS 25 CENTS

Man Who Is Converted to Christianity Sends a Quarter to Square the Theft of a Sponge.

Washington, Oct. 28.—Conversion to the Christian religion brought the sum of 25 cents today. The city treasurer received a letter inclosing stamps to that value in payment for a sponge taken from one of the city fire horse several years ago.

The letter is signed George W. Hammer. It is a frank statement of the fact that the writer had been converted and, following the biblical teaching, desired to make restitution. He confessed to having taken a sponge which was the property of the city and was on the [illegible] in the stable. He seemed to value the sponge and figured that the 25 cents, full value would probably square the account.

ST. PETERSBURG WANTS SETTLEMENT

ST. PETERSBURG, Oct. 28—10 p. m.—Despite the characteristic tone of the Russian press this morning, and the wild talk which is being indulged in regarding the possibility of war, the Associated Press is in a position to state positively that the situation has entered in a distinctly better phase, and that the basis of an agreement between the two governments now appears probable. There is still danger, however, that some untoward incident, in view of the excited state of public opinion in both countries, may precipitate another crisis. Both the Russian and British governments are animated by a desire promptly to reach a common ground on which both can stand in order to obtain the fullest light upon the circumstances of the incident, which are left more mysterious than ever by the startling statements made in Admiral Rojestvensky's report. A palpable solution it is recognized by both sides would be the submission of the affair to an international tribunal, and that steps already have been taken in this direction is beyond doubt. The mere appointment of the commission of the dispute to such a court would have the immediate [illegible] tension in both countries.

Would be Dignified.

The proceeding would be dignified, whatever the result, and each country would be bound by the weight of the world's public opinion to accept the findings and act accordingly. If it is demonstrated that Rojestvensky acted without justification, Russia will [illegible] punish him. If it is established that torpedo boats attacked the squadron under cover of the British fishing fleet or from the shelter of British ports or waters, then Great Britain will be compelled to offer the most humble apologies and make the fullest reparation. It is almost certain that two simultaneous inquiries will be held by the British at Hull and the Russians at Vigo, each with representatives of the other present.

Political Comment

DOWNING THE TRUSTS.

Whatever else, or rumors there may be in trusts and combinations of capital the people will take notice that the Republican party is the only one that has attempted to break up illegal combinations of capital. During the two administrations that the Democratic party was in power it did nothing. The Republicans passed the Sherman anti-trust law and all the suits under it have been instituted by Republican administrations—the railroad injunctions both, the cases now most in the public mind—Northern Securities, Standard Oil, etc. The Democratic party has done nothing but talk.—Kansas City Times.

The New York Herald has printed a facsimile of Judge Parker's note telegram. It would furnish a suggestion [illegible] of the Democratic party in 1904 as Abram Dolig Thain.

PARKER'S INCONSISTENCY.

If it is proper to withdraw from the Philippines, it ought to be proper also to retire from Porto Rico and Hawaii. If the Panama canal scheme is a pledge absolutely that we will not withdraw and that is to revolutionize the doctrine and turn the coast about back to the United States of Hindostan. If the property was taken by force and fraud, as Judge Parker declares, to shield pledge himself to give up the stolen property and undo the great wrong that he claims has been perpetrated. But he dodges these questions and demands that the United States government should keep the word of every corporation. There is no understanding such inconsistency.—Louisville Herald.

LESSEES ON ACACIA FINDING GOOD ORE

Morning Star Lease Shows Big Shoot of High Grade---Burns Claim Is Looking Well. Other Leases Working

Special to the Gazette.

CRIPPLE CREEK, Oct. 28.—Grey and associates who are operating under lease the Morning Star property of the Acacia company are now putting the equipment north and starting a winze below the 400-foot level.

In the bottom of the winze an ore shoot has been opened up that averages from seven to 12 ft. in width, out of which comes a good grade of ore. It is the impression of those who are about forming a company to take over the property, that they have struck the ore shoot formerly worked by other operators, that runs out of the Lee and Bond ground to the Ingram and it is the opinion of the lessees that it will be found with additional sinking and they are now going down to make a test.

Quite a number of lessees are operating on various parts of the Acacia company's property and a few tons of ore is being sent to the smelters each day, the ore usually being of good grade. The Burke lease is looking well and is showing up a good body of ore.

BURKE LEASE ON ALPHA AND OMEGA

WORK OF CLEANING OUT THE OLD SHAFT IS STARTED—NEW SHAFT LATER—GOOD RESULTS ANTICIPATED.

Special to the Gazette.

CRIPPLE CREEK, Oct. 28.—Mike Burke, the well-known lessee, who recently secured a lease on the Alpha and Omega claims, started operations this morning on the extensive series of the cleaning out of the old shaft which is expected to cut a number of rich veins.

It is the intention of the lessee that as soon as work is well under way in the old shaft to sink a new compartment shaft starting at a point about 100 feet west of the old shaft. The sinking of a new shaft is now considered necessary as the present shaft is not of sufficient size to permit of the proper handling of the ore that will be taken out of the mine when the work is in full swing.

NEW MACHINE DRILLS

Installed by Russell and Associates Who Have Lease on Intermediate of Arroyo Company.

Special to the Gazette.

CRIPPLE CREEK, Oct. 28.—Russell and associates, who recently secured a lease on the intermediate shaft of the Arroyo company, today installed three machine drills and will immediately commence sinking on the property. The shaft is now down about 100 feet and it is the intention of the lessees to sink to the 400-foot level before drifting. Considerable high grade ore has been encountered in the shaft and the lessees are confident that they will open up a good body of ore. The Arroyo is one of the old properties of the district and has been operated many times.

CARLOAD SHIPMENT MADE

FROM THE ROBINSON GROUP.

Special to the Gazette.

CRIPPLE CREEK, Oct. 28.—Hoffman, Casey and associates operating under lease the Robinson group located on Bull hill, today sent out a carload of ore from the property. The ore is being shipped to the Colorado Reduction company's plant at Colorado City. The ore is said to be of good grade and the lessees are confident that they have struck a good body of ore.

W. P. H. TONNAGE GETTING HEAVIER

LESSEES ON THIS FAMOUS PROPERTY SUPPLYING EVERY DAY OF ROCK HOISTED, AND CONTINUED GETTING WEALTHY.

Special to the Gazette.

CRIPPLE CREEK, Oct. 28.—Lessees and bonded operators working under the W. P. H. property are rejoiced and are making a merry tumult over the tonnage being sent out. The ore which has been awaiting the completion of the mill at Colorado City is now coming to the surface in large quantities and every day the output is increased. All of the leased properties on the hill are producing ore and the tonnage is being increased daily. The Portland mine is also producing a large amount of ore and every day the rock sent to the mill is shipped. All interests in the property are benefiting.

HEIGHT FUTURE OF THE MAID OF ORLEANS CLAIM

Special to the Gazette.

CRIPPLE CREEK, Oct. 28.—A small force of men were put on the Maid of Orleans claim this morning by the Maid of Orleans which is located between Globe and Beacon hill. The property has an extensive surface showing and there is no doubt but that the ground will be opened up. Up to the present time no one of extensive operation has ever been undertaken although negotiations for development work has been done by various parties.

LARGE INVESTMENT FROM THE JOHN A. LOGAN MINE

Special to the Gazette.

CRIPPLE CREEK, Oct. 28.—Lessees under lease the large dump of the John A. Logan mine owned by the Portland mining company sent out a large consignment of ore to the Colorado reduction company's plant at Colorado City. The ore is said to be of good grade and the lessees are confident that they have struck a good body of ore.

STOCKS SCORED A SHARP RECOVERY

BETTER RELATIONS OF GREAT BRITAIN AND RUSSIA A FEATURE — INTEREST DECLINED AT HIGHER LEVELS.

NEW YORK, Oct. 28.—With the feature of a report between Russia and Great Britain relative to the Dogger Bank incident, stocks scored a sharp recovery today. There was no great change in the relative ball relations of the parties and explanations were made into the matter, but the general public took the report as a favorable indication and with the covering of shorts, which had been a prominent feature of the market for the past few days, prices were forced upward. The recovery was general, all the active stocks participating in the movement. The Chicago Great Western stock was conspicuous for its strength, the preferred advancing 3 points and the common 1 1/2. The movement in the Great Western stocks was attributed to the purpose of Chicago Great Western interests to take over the property under the mortgage to reorganize it. The movement in the Great Western stocks was also attributed to the purpose of the reported absorption of the property by the Chicago, Rock Island & Pacific. Rumors were also current that the Chicago Great Western stock was to be exchanged for the Rock Island stock.

The renewed strength of U. S. Steel preferred was an objective of anything in the general market in reviving interest. Reports circulated to the effect that the directors of that corporation may be called upon to declare a dividend on the new issue of bonds and stock and with the rest were also a cause of the week's spurt in the market. The rise in Amalgamated Copper was in sharp contrast with the recession in Boston Consolidated Copper and the former stock appears from the industries with which the companies are connected. The Canadian Pacific group was notably stronger but none was disclosed to account for it.

The situation in the money market was a contributory cause to the strength with which stocks rebounded.

The occasional fluctuations of the London Exchange are necessary on the final adjustments and the closing of the year and probably at the low prices.

Bonds were firm. Total sales, par value $2,000,000.

U. S. bonds were unchanged.

SUDDEN DECLINE OF WHEAT PRICES

WAR CLOUDS DISPERSED AND GRAIN TOOK A DROP LIVERPOOL NEWS MADE BEAR SENTIMENT.

CHICAGO, Oct. 28.—Dispersal of Eastern war clouds resulted in liberal liquidation of wheat today in consequence prices showed a decline. From the beginning to the end a weak undertone pervaded the wheat market. The course of prices being influenced by the reassuring news regarding the final outcome of the Russian-Baltic fleet incident. A sharp decline in prices of Paris and Liverpool emphasized the bearish feeling. The weakness in foreign markets was reflected here at the opening Saturday showing a loss of 1 cent, to that point. May was down 1 cent. The fact that the northwestern stocks will show an increase of about 600 cars over the week last corresponding week a year ago, and Minneapolis millers estimate that 1,000 cars will be required by a St. Louis trade journal also were considerable support to the market before the close being made that receipts conditions in the southwest generally are favorable to the growing crop. Some covering was made into the city on account of shorts. There was also some buying for investment account on a report from Argentine that rains were needed to bring the crops in order to raise half a crop. The market closed easy with December at 1 cent, and May 1 3/4.

Corn was lower in sympathy with wheat. December sold off 1 cent, and May closed at that.

The increasing interest in the corn crop was the weakness of corn receipts from principal markets. December closed at 38.

Provisions were lower in results of local selling due to heavy receipts of hogs and general weakness of grains. At the close January pork was off a trifle and lard was down 10c, and the ribs five lower.

Gentlemen—You no doubt remember me. When I was in your store my face was so chapped and rough it looked just like a piece of alligator skin.

Upon your recommendation and guarantee I purchased a bottle of DRY CLIMATE CREAM, Mirette digist. My skin is now as soft and rosy as a babe's and I have had none since. (This, of course, is confidential.) Send me two bottles at once.

Yours most gratefully,
